

#	School District	Impact	In Session?	Bldg. Damage			
1	Adams 12 Five Star Schools (Northglenn-Thornton)	Several schools experienced minor damage, roof leaks, dry wall, ceiling tiles. Roughly 75% had minor damage.	Yes	Yes, minor damage - no rooms offline.			
2	Adams-Arapahoe School District 28J	Yes. Thursday dismissed early; closed on Friday.	Yes except for Axel Academy (P-2) for rest of week.	Severe water damage to 10 buildings; minor damage to all others. Peoria Elem.-need new boiler system.			
3	Big Sandy School District 100J	Minor. Closed schools last Friday-had a mud day because roads were impassable for busses.	Yes	Roof leaks.			
4	Boulder Valley School District RE-2	↓	All except Jamestown and Crestview. District out 4 days.	All buildings structurally sound. Most impacted is Crestview.			
		<p>Much damage to community and impact on families. Now, only two schools offline – Crestview ES and Jamestown. Crestview is most damaged. Estimated time to come back online is Sept. 30. Kids from Crestview are being offered day camp at the YMCA, subsidized by the district. FRL kids, no cost. Administrators believe the displaced families and kids are still in the Crestview area. They've got a headcount of 610 right now. Jamestown's school is in good shape, but school used as evac center. One teacher lives in Jamestown and they are coordinating a homeschool alternative temporarily for kids in the town. Another Jamestown teacher lives down the canyon and she will handle other kids at a district Montessori school – school within a school model. Roads and bridges in Jamestown are severely damaged or destroyed.</p>					
5	Brush School District RE-2J	Yes. Schools were closed 9/16/13 and 9/17/13. Schools re-opened today, 9/18/13. Greatest impact on roads	Schools were closed 9/16/13 and 9/17/13. Schools re-opened today, 9/18/13.	No			

#	School District	Impact	In Session?	Bldg. Damage			
6	Buffalo School District RE-4	We are open today, but very closely monitoring the river as another flood surge is on its way. We did have to close earlier in the week due to flood impact with roads being washed out. The town itself was split in half and we can't get to all parts of town. The bridge was being evaluated for safety.	We are open today, but carefully monitoring the river as another flood surge is on its way. But, we have enough time to evacuate if needed. We were closed earlier in the week due to flood impact in the town and the need for bridge safety evaluation.	No			
7	Canon City School District RE-1	One roof leaks; streets flooded. No homes damaged.	Yes	No, just some roof leaks.			
8	Charter School Institute	Students unable to log in to online schools-asking for a waiver.	Yes	No			
9	Cherry Creek School District 5	Biggest impact is to Village East Elem. School-evacuated west side of district. Back now. Minor impact to dry wall and ceiling tiles. Schools closed 9/13/13.	Yes	Minor water damage.			
10	Cheyenne Mountain School District 12	Yes, preschool flooded basement. A disaster assistance center was to open on Thursday 9/19/13 at Canon Elementary School.	Yes, except preschool.	Yes, preschool basement			

#	School District	Impact	In Session?	Bldg. Damage			
11	Clear Creek School District RE-1	Yes, schools were cancelled Friday thru Wednesday. Wednesday was closed to further evaluate unknown road conditions. The school will be open for a 1/2 day on Thursday and no school on Friday. No school on Monday for a planned in-service day.	We opened today. Schools were closed Friday, Monday and Tuesday. Wednesday was closed at the request of the County Commissioners due to a need to further evaluate unknown road and bridge conditions.	None			
12	Colorado Springs School District 11	Minimal impact. Early release one day last week.	Yes	No			
13	Douglas County School District RE-1	Indirectly - A few schools with minor flooding. 4-5 field trips impacted, had to rescue students from a field trip.	Yes.	Minor - Pine Lane has flooding - up to front door - minor damage to the inside.			
14	Ellicott School District 22	Some. Will delay construction of new school due to water damage to foundation.	Yes	No			
15	Estes Park School District R-3	Yes. Minimal damage to campus but we are cut off from traveling-many roads closed and/or damaged.	Not operating a normal class schedule. Update 9/19/13: Schools will open Monday 9/20/13 with an understanding that many students won't have access.	Minimal damage to buildings.			

#	School District	Impact	In Session?	Bldg. Damage			
16	Falcon School District 49	Goal Academy has around 200 students from Longmont, Boulder, Greeley, and Colorado Springs who have been impacted by the flood, most of whom are at least temporarily homeless. To be counted a student has to be logged on and showing progress in a particular course multiple times before and after the count window. Many students will have finding a location with internet service.	Yes	No			
17	Fort Morgan School District RE-3	Bridge access caused one day of school closure. No school issues. Some agricultural land issues, city park issues and some bridges out.	Yes, schools were closed one day due to bridge access issues caused by flooding, but we are now reopened.	No			
18	Fountain School District 8	Minor	Yes	Window wells and some roof leaks.			
19	Greeley School District 6 (Evans)	Yes. Three schools have no-flush orders. 2,635 kids displaced or with inadequate housing, 130 students in shelters. The shelters may close before October 1st affecting 50 kids in surrounding areas. Gas cards being issued for parents. Estimate 1500-1600 homeless. 1200-1300 kids without bathroom facilities. Food being brought in. Evans has no sewer services. Students at schools with no flush rules and 1800 kids at school without running water.	Closed Monday but all in session now.	No building damage except roofs leaking. Poudre Learning Center sandbagged Thursday.			

#	School District	Impact	In Session?	Bldg. Damage			
20	Jefferson County School District R-1	Most of the damage is to Coal Creek K-8 Canyon. Closed for rest of the week; no access to the school. Phones down, natural gas lines down-need propane for heating. Outdoor lab closed for the week.	Yes, except Coal Creek K-8 and Outdoor labs	No			
21	Johnstown-Milliken Weld School District RE-5J	Yes. We will have school tomorrow. Will be abbreviated schedule for high and middle school to get kids to school pretty much on time and get all of our altered bus routes completed. Having to cross gravel roads as many roads and bridges are washed out. Having significant traffic issues around I-25 and hoping the CDOT (CDOT stated it is a priority) will get the main bridge between Johnstown and Milliken repaired sometime next week.	We will have school open tomorrow. Will be abbreviated schedule for high and middle school to get kids to school pretty much on time and get all of our altered bus routes completed.	Not that I know of; the main issue is roads.			
22	Keenesburg School District RE-3J	Not much. Some staff transportation affected.	Yes. We did have one early dismal day due to anticipated potential transportation issues.	No. A few leaks in the old buildings, but very minor leaks which is to be expected in buildings that old.			
23	Lone Star School District 101	Not affected by flood directly but 5 students and 5 staff can't get here.	Yes	No			

#	School District	Impact	In Session?	Bldg. Damage			
24	Manitou Springs School District 14	Yes, but schools are on high ground and in pretty good shape.	Yes	No			
25	Peyton School District 23 JT	Some minor roof leaks	Yes	No			
26	Platte Valley School District RE-3	Yes. The school itself is okay. We are now expecting a second surge that is moving twice as fast as the first – if the two surges catch one another it could create issues – particularly with the waste water treatment facility.	No school yesterday or today. We are taking it currently on a day by day basis. We may close for the rest of the week -the bridge over I-76 has cut off access to many of our students and staff.	No.			
27	Platte Valley School District RE-7 (Kersey)	Yes. Town is cut in half. We can't currently get the children on the North side to school. Conditions in the town of Gill will cause the district to develop extended transportation routes which we are currently working on.	No. We are trying to re-open on Thursday. Roads and bridges are still a problem.	No. The schools are not damaged and all utilities are fine.			
28	Poudre School District R-1	Minimal damage due to flood. One school closed (Stove Prairie) because of road closures. Had students trapped in the mountains the 1st day of flood, but all returned home safely.	Yes	No			

#	School District	Impact	In Session?	Bldg. Damage			
29	St. Vrain Valley School District RE-1J	While St. Vrain school buildings are virtually intact, dealing with minor water damage, disruption with all utilities in various locations, and major access issues with many street closings. Schools were closed 5 days.	No-closed for five days.	Minor water damage.			
30	Thompson R2-J	Minimal impact in comparison to others. We had some roads out for a couple of days. The Red Cross is using our administrative building as a center.	Yes, schools are in session. We closed early the first day and then closed for last Friday and Monday.	No			
31	Valley School District RE-1 (Sterling)	Many families evacuated. We are cut off from I-76 - bridge flooded. No-flush rule has closed restaurants, etc. Update: 9/18/13 - Shelter has been set up at Sterling Middle School.	No.	No			
32	Weld County School District RE-1	Some homes flooded, families staying with friends	No. Evaluating open date by moving LaSalle students to south end of district.	Schools in good shape.			
33	Weld County School District RE-8 (Fort Lupton)	Yes. School was closed last Friday (due to anticipated transportation issues) and Monday (roads washed out, bridge problems - inability to get adequate number of staff into work-teachers, drivers, kitchen staff).	Yes. Schools closed last Friday and Monday.	No			
34	Weldon Valley School District RE-20J	Yes. Bridges were closed due to flood.	School had to be closed Monday and Tuesday due to bridge access issues. School reopened now.	No			

#	School District	Impact	In Session?	Bldg. Damage			
35	West End School School District RE-2	Yes, a gym and classroom. Gym floor buckled and lines will be repainted. In classroom ripped out carpet and drywall; 5th grade relocated to library.	Yes	Okay except gym and 5th grade classroom.			
36	Wiggins School District RE-50J	We are doing okay - not too much impact. North End of District - impacted 2 bus stops and roads were closed. School was closed on Monday to evaluate bus routes.	Closed on Monday due to road closure issues. Open now.	No			
37	Woodland Park School District RE-2	Not really much. Some existing roof leaks got worse.	Yes	Some existing roof leaks have become worse, nothing major.
