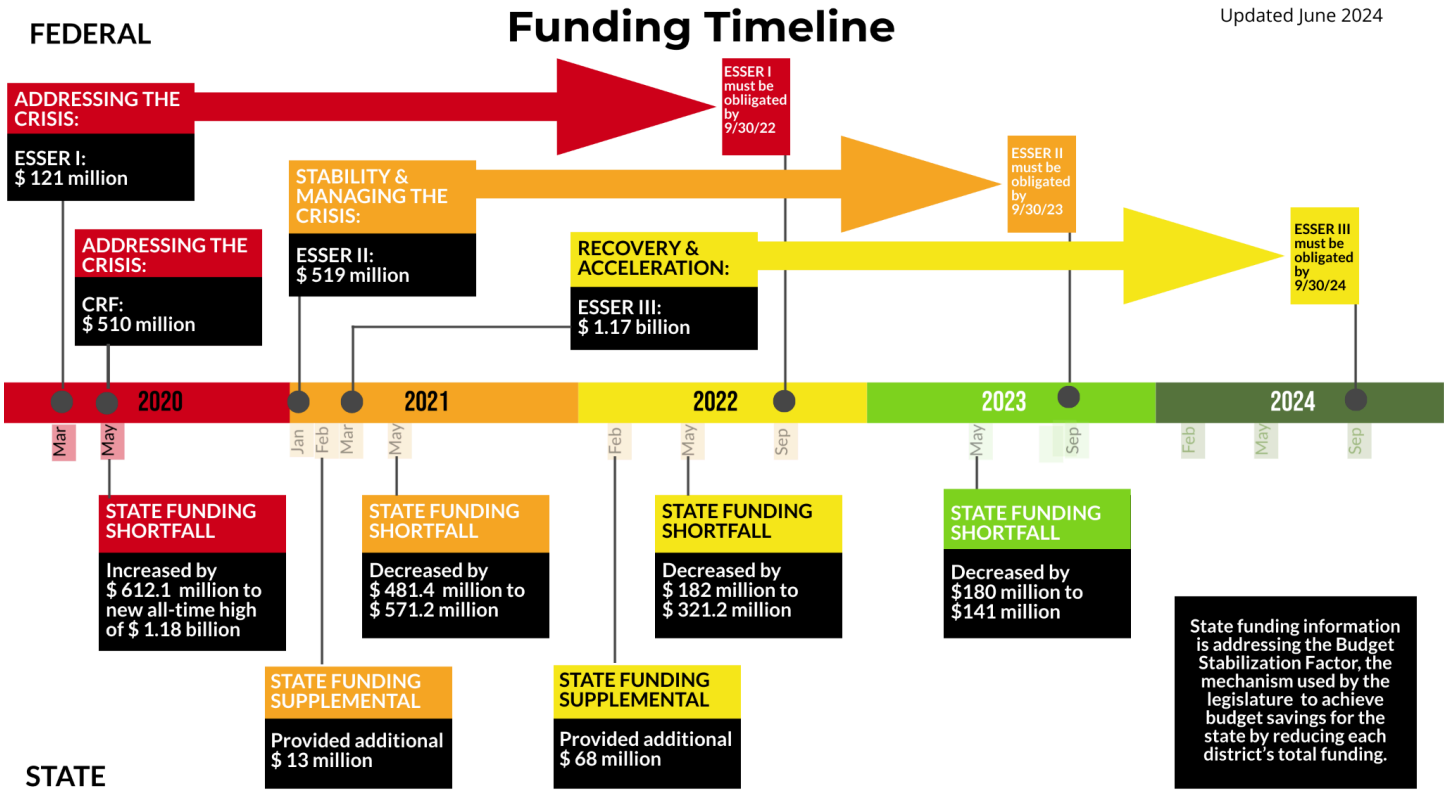
How are students being supported through the use of federal stimulus dollars?

The federal stimulus dollars are a once-in-a-generation opportunity to support our students and to address the multi-year effects of the coronavirus pandemic. The decision on how to spend federal pandemic recovery resources is inherently and intentionally local as school communities are best equipped to identify and address their most urgent local needs in order to:

- **Create safe and healthy learning environments**
- **Address disrupted learning time**
- **Meet mental health needs of students and staff**
- **Support educators and staff stability and well-being**

Education received [4.6% of all federal stimulus funds] in Colorado. While all the one-time federal stimulus dollars will expire by September 30, 2024, they have supported local students and communities weather the effects of the multi-year pandemic.



ESSER III — Recovery and acceleration

Expenditures allowed through Sept. 30, 2024

On March 11, 2021 the American Rescue Plan (ARP) Act was signed into law. The ARP ESSER III funding from the ARP Act provides support for K-12 schools to help safely open and sustain the safe operations of schools and address the impacts of the coronavirus pandemic on the nation's students. Under ESSER III, Colorado was allocated $1,166,328,632.

Although the ARP ESSER III uses of funds are similar to those for ESSER I and II, there are important distinctions between ARP ESSER III, ESSER II, and ESSER programs, including the period of funds availability, equitable services to non-public schools, maintenance of effort, and a report on efforts to measure and address learning loss. States are instructed to use all remaining ESSER funds before making use of the ESSER II funds, given the shorter remaining period of availability.

Due to the requirement from the U.S. Department of Education for states to allocate funds within 60 days of receipt, districts had a very short time frame to turn in applications. Districts were also required to develop and seek public comment on plans for the safe return to in-person instruction and continuity of services. This information must be made publicly available on the local educational agency's website no later than 30 days after receiving the allocation of funds.

ESSER III funds were distributed according to the same process as the ESSER I and II funds with 90% flowing to local education agencies based on their federal Title I formula, which is intended to provide additional resources to schools in communities with higher poverty levels. ESSER II funding for **Eaton RE-2** was based on its **Title I allocation** and an **ESSER II supplemental** made by the Colorado Department of Education (CDE). View CDE's Federal COVID Education Funding website for additional details.

It is also important to recognize that the decision on how to spend federal pandemic recovery resources is inherently and intentionally local as the pandemic's effects varied substantially across Colorado. School communities were best equipped to identify and address their most urgent local needs. Coronavirus Relief Fund (CRF)

The CARES Act established the Coronavirus Relief Fund (CRF) to support states with expenses due to the public health emergency with respect to the COVID–19 incurred from March 1, 2020, to Dec. 30, 2020. In May 2020, Gov. Polis directed the transfer of $510 million from the State of Colorado's CARES Act CRF to CDE to be awarded to school districts, the Charter School Institute, the Colorado School for the Deaf and the Blind and facility schools on a per pupil basis. Additionally, each BOCES in the state received $25,000.

Governor's Emergency Education Relief Fund (GEER)

The CARES Act included $3 billion for a Governor's Emergency Education Relief (GEER) Fund. Colorado was allocated more than $44 million from the GEER fund. The Coronavirus Response and Relief Supplemental Appropriations Act of 2020 added $4.05 billion for the Governor's Emergency Education Relief (GEER) Fund. GEER II included $2.75 billion for emergency assistance to nonpublic schools through the Emergency Assistance to Non-Public Schools (EANS) grants of which $28,433,931 has been allocated to Colorado.

ESSER I Rapid Request

All ESSER I funds expired on September 30, 2022 and any funds unobligated on September 30, 2022 would have to be reverted to the federal government. There are some unobligated funds from the 10% portion that could not be used by current grantees. The Colorado Department of Education (CDE) wants as many of these funds to go to Colorado grantees as possible, and have therefore created a simple ESSER I Rapid Request grant program to determine if any grantees have activities or costs that could have been funded with ESSER I funds, but were not. Learn more on the CDE website.
