

In 2015-16, the share of funding for Special Education was:

- Local funding (district): 62.0%
- State funding: 21.2%
- Federal funding: 16.8%

About 92,700 of Colorado’s 899,000 students received special education services in 2015-16. Approximately 10.3% of students. Nationally, about 13% of students receive special education services. (National Center of Education Statistics (NCES), Table 204-70, 2017)
