

### Tax Effort and Fiscal Capacity - 2018-19

The data on the following pages shows various tax effort and capacity information for each district in the state. The per student figures are calculated using the funded pupil counts (FPC) without Charter School Institute students.

The tax effort information includes the Total Program Mills, Bond Mills, Total Override Mills, and Total Mills. Total Program Mills is the number of mills each district levies as part of the school finance act.

<b>Type of Mill</b>	<b>Average</b>	<b>Median</b>	<b>Range</b>
Total Program Mills	19.70	21.72	1.680 to 27.0
Bond Mills	6.60	5.75	0 to 24.0
Total Override Mills	5.74	4.06	-0.004 to 33.39
Total Mills	32.05	30.31	5.96 to 82.01

The last two columns look at each district's fiscal capacity. The fiscal capacity is the amount of dollars each mill can raise against the assessed value of the district.

The "Amount Raised by 1 Mill" column examines how much a district can raise levying one mill against the assessed value.

	<b>Average</b>	<b>Median</b>	<b>Range</b>
Amount Raised by 1 Mill	\$634,338	\$99,582	\$5,264 to \$16,824,261

The second column, "Amount Raised per Student for 1 Mill", looks at the amount raised per funded pupil count.

	<b>Average</b>	<b>Median</b>	<b>Range</b>
Amount Raised Per Student for 1 Mill	\$262	\$146	\$19 to \$3,986

Total Override Mills include the following Mills: Categorical Buyout, Hold Harmless, Excess Hold Harmless, Voter Approved, Abatement, Transportation, Special Building, Full-Day Kindergarten, and Other.

School districts have no control over the value of one mill.
