

A Decade of Colorado's K-12 School funding Cuts 2009-2019
Inclusive of Budget Stabilization Factor, Negative Factor and Mid-Year Cuts.

In FY2009-10, Colorado's legislature created a new factor in the school finance formula due to the Great Recession and economic downturn that put pressure on the state's budget. The factor is a state budget tool that proportionally reduces the amount of state funding for each school district. The factor reduces state aid to school districts, removing over \$7 billion from K-12.

A Decade of Colorado's K-12 School funding Cuts 2009-2019
Inclusive of Budget Stabilization Factor, Negative Factor and Mid-Year Cuts.

In FY2009-10, Colorado's legislature created a new factor in the school finance formula due to the Great Recession and economic downturn that put pressure on the state's budget. The factor is a state budget tool that proportionally reduces the amount of state funding for each school district. The factor reduces state aid to school districts, removing over \$7 billion from K-12.

A Decade of Colorado's K-12 School funding Cuts 2009-2019
Inclusive of Budget Stabilization Factor, Negative Factor and Mid-Year Cuts.

In FY2009-10, Colorado's legislature created a new factor in the school finance formula due to the Great Recession and economic downturn that put pressure on the state's budget. The factor is a state budget tool that proportionally reduces the amount of state funding for each school district. The factor reduces state aid to school districts, removing over \$7 billion from K-12.
