1/ These figures reflect cash fund transfers that received unanimous support from JBC members. Additional transfers into the General Fund totaling \$32.1 million (including \$24,146,536 in FY 2019-20 and \$7,907,987 in FY 2020-21) received majority support from JBC members.

2/ Prior to today, the direct General Fund impacts of budget package bills that affect the Department of Education were included in row 13. Yesterday the Committee voted to instead allow the sponsors of the School Finance bill to include these provisions in that bill. In total, these provisions would make a total of \$146,947,290 available to mitigate any necessary increase in the budget stabilization factor due to decline in State revenues.
